

EIT Label Certificate

Awarded by EIT Digital

EIT Digital awards this certificate to

Pingping Lin

Born on January 20, 1992

who has successfully completed the

EIT Digital Master School Programme in Embedded Systems

The EIT Digital Master School offers EIT-labelled Technical Master Programmes in Information and Communication Technology (ICT) with embedded mobility and a focus on entrepreneurship. The EIT label is accredited by the European Institute of Innovation and Technology and accounts for an excellent education, satisfying the EIT Quality Assurance Criteria, fostering entrepreneurship and innovation.

The study programme has resulted in a double degree.

One Msc Degree in Information & Communication Technologies (ICT) awarded by

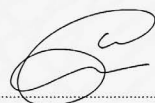

KTH Royal Institute of Technology, Sweden

One Msc Degree in Information & Communication Technologies (ICT) awarded by

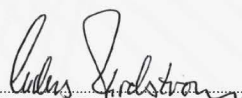

Eindhoven University of Technology, The Netherlands

This Certificate is valid only in combination with these two Degree Diplomas.

Stockholm, November 26, 2016
